

Job Title: Business Analyst

Location: Jeddah, Saudi Arabia

Company Description:

We are a dynamic investment company with a diverse portfolio spanning food and confectionery manufacturing, food trading, technology, logistic services, and technology startups. With significant holdings in all subsidiaries, we are a driving force in our industries, leading the way in innovation and excellence.

Job Overview:

We are seeking a highly skilled Business Analyst to join our team. The ideal candidate will have a strong business and financial acumen, with the ability to analyze data and translate it into actionable business insights. They will be adept in system administration and have experience with video editing and montage applications. Bilingual proficiency in English and Arabic is a must to communicate effectively across our diverse platforms and with stakeholders.

Key Responsibilities:

- Conduct in-depth business and data analysis to support decision-making across various business units.
- Utilize financial data to develop business models and forecasts.
- Oversee the maintenance and administration of business systems to ensure seamless operation.
- Create engaging video content for internal and external communication.
- Develop and maintain dashboards and reports in data visualization tools like Tableau and Power BI.
- Apply advanced analytics techniques using Python, SQL, and R to drive business strategy.
- Collaborate with cross-functional teams to improve business processes and system efficiencies.

Skills and Qualifications:

- Minimum of a Bachelor's degree in Business, Finance, Computer Science, or a related field.
- Strong understanding of business and data analysis with a strategic business and financial mindset.
- Background in system administration.
- Background in video editing and montage applications.
- Bilingual in English and Arabic with excellent verbal and written communication skills.
- Proficient in Tableau, Power BI, Python, SQL, and R.
- Ability to work independently and collaboratively in a team environment.
- Excellent problem-solving skills and attention to detail.
